

ABOUT AGROFORTE

AgroForte is transforming agriculture across Angola through locally assembled, world-class agricultural machinery. Partnering with the Government of Angola and backed by a USD 20 million state-of-the-art facility, we've successfully delivered over 800 tractors to farmers and government entities nationwide.

PRODUCTION CAPACITY

✓ 8 tractors per day

✓ ~3,000 tractors per year

✓ 100% locally assembled with trained Angolan workforce

OUR TRACTOR RANGE

MODEL	ENGINE POWER	PTO POWER	FUEL CAPACITY	GEARBOX	REAR TIRES	FRONT TIRES	HYDRAULIC LIFT
MF 240	50 hp @ 2250 rpm	44 hp	47.5 L	8F/2R	12.4/11-28	6.00-16	1415 kg
MF 360	60 hp @ 2470 rpm	50 hp	52 L	8F/2R	13.6/12-38	7.50-16	2145 kg
MF 375	75 hp @ 2200 rpm	60 hp	108 L	8F/2R	16.9/15-30	7.50-16	2145 kg
MF 385	85 hp @ 2200 rpm	70 hp (4WD)	108 L	8F/2R	18.4/15-30	12.4/11-24	2145 kg

IMPLEMENTS & TROLLEY

DISC HARROW – 18 Disc

- 18-disc harrow for soil breaking and seedbed preparation
- Disc size: 61 cm / 24 inches
- Working width: 167.6 cm / 66 inches
- Weight: 620 kg, compatible with 60–85 HP tractors

DISC PLOUGH (4 Furrow)

- 4-furrow disc plough with tubular seamless steel frame
- Furrow width: 254 mm; maximum working depth: 300 mm
- Plain discs: 660 mm, with tapered roller bearings
- Weight: 427 kg, compatible with 50–85 HP tractors

RIDGER

- Ridger designed for row formation and field shaping
- Adjustable line spacing, decreasing in 25 mm increments
- Clearance under frame: 550 mm
- Weight: 145 kg; compatible with 45–85 HP tractors

CHISEL PLOUGH (3 Tine)

- 3-tine chisel plough for deeper soil loosening
- Working width: 1.20 meters
- Working length: 90 cm
- Approximate weight: 430 kg; compatible with 50–85 HP tractors

TINE TILLER / CULTIVATOR – 11/13 Tine

- Available in 11-tine and 13-tine configurations
- Overall width: 2,400 mm / 3,000 mm
- Maximum working depth: 229 mm
- Compatible with 35–85 HP tractors

AGRICULTURAL TROLLEY – 5 Ton

- 5-ton agricultural trolley for farm transport and haulage
- Overall dimensions: 5,020 × 1,990 × 1,860 mm
- Rated load: 5,000 kg; weight: 1,420 kg
- Hydraulic rear tipper system; compatible with 50–85 HP tractors

SMALLHOLDER MACHINERY

Empowering small-scale farmers with affordable, multi-purpose solutions. Designed for complete farm management from land preparation to post-harvest processing.

EQUIPMENT	POWER	PRIMARY APPLICATIONS	KEY FEATURES
Power Weeder (Diesel/Petrol)	9 HP / 7 HP	Weeding, tilling, spraying, water pumping, haulage	Multi-purpose with 250 kg trailer capacity
Mini Tiller	7 HP	Precision tilling, vegetable gardens	Churns soil up to 10 inches deep
Motor Cultivator Diesel	15 HP	Soil preparation, cultivation, seeding	Diesel engine, 1 hectare/day capacity, comes with 12 implements
Power Sprayer	0.9 KW	Pesticides, weedicides, fertilizers	Compact 20L capacity
Motor Cultivator	6 HP	Soil cultivation, weed removal	Gasoline engine, compact and easy to operate
Mini Maize Harvester	10 HP	Corn harvesting with collection system	2000 m ² /hour productivity
Maize Thresher	7.5 – 20 HP	Kernel separation from cob	Up to 8000 kg/hour capacity
Maize Reaper	-	Maize crop cutting	Efficient harvesting solution

WHY CHOOSE AGROFORTE SMALLHOLDER MACHINERY?

- ✓ Complete Farm Solutions
- ✓ Income Generation
- ✓ Multi-Functionality
- ✓ Affordable Mechanization
- ✓ Fuel Efficient
